Message from the Village Manager

Work in Progress

Dear Islanders:

As we get ready for another spectacular summer season here on the Key, I'd like to take this opportunity to update you on the various projects and initiatives that are currently in the works.

Community Center Expansion

As you are aware, the expansion of our Community Center is progressing nicely. Although considered a welcomed addition, the renovation project has been a bit of an inconvenience, especially for those accessing the Community Center on a regular basis. Getting in and out of the building has become problematic and traffic congestion has notably increased. The project also has required us to temporarily take up a portion of the dog park at 530 Crandon Boulevard. Please know that these issues are being addressed and should be resolved by the fall. At the end, this expansion will result in additional recreational opportunities for our community. My sincerest thanks to all Islanders for their patience and support during this much-needed expansion.

John C. Gilbert
Village Manager

Dog Park Progress

On March 8, 2016, the Village Council approved the construction of a new dog park at the north end of the Village Green. FHP Tectonics Corp. was awarded the contract for the project, which should be completed by late summer and finalized for public use by Fall of 2016.

Property Purchased for Public Green Space

Creating more green spaces is a priority in the community. Through the efforts of the Village Council and the Land Acquisition Committee, our goal to create additional neighborhood parks is moving forward with the purchase of 401 Hampton Lane – a lot that had remained vacant for a number of years.

Budget Update

The Village will be working on the budget throughout the summer months. The budget cycle begins with a Budget Workshop on June 21, 2016 at 7:00 p.m. The first and second budget hearings will take place on September 13 and September 27, 2016. The public is invited to attend the budget workshops and hearings to provide their input.

As always, I wish you and your loved ones a fun, relaxing and safe summer.

John C. Gilbert
Village Manager

MAKER CAMP

NEW!

Miami Maker Kids offers camps that hark back to a time when building, repairing and improving the products in our lives was more common. People were “makers” before the term even existed. Miami Maker Kids reintroduces that lost spirit of innovation and ingenuity into the lives of a new generation of makers. Children will have a blast this summer with activities that blend art, science, engineering and “making.” Children will design and build a variety of paper and plastic rockets that launch dozens (indoors) to hundreds (outdoors) of feet. They'll learn some “science-magic” tricks that they can take home and share with others - “Squiddy” is a kid favorite! Other projects may include: tabletop games, mini golf courses, balancing bikes and even better – projects that the kids themselves tell us they want to make. Pro-rating is not allowed. If you love swimming and are willing to work hard to improve on the skills necessary to take your swimming strokes and water polo game to the next level, then Team Key Aquatics (TKA) is definitely for you. TKA is a dynamic aquatic program dedicated to the future of its athletes. In addition to having fun, coaches strive to develop athletes through fundamental swimming and water polo skills that will maximize their potential. TKA will further strengthen each swimmer's athletic arsenal by preparing him or her for their high school swimming and water polo seasons. One of the many goals at TKA is to give young athletes the tools and skills necessary to successfully compete at the high school level.

TKA has introduced a method of cross-training called Swimfit that will allow every athlete to reach his or her prime fitness level. Seamlessly mixing aquatic training with dry-land exercises, TKA coaches will train their athletes in the art of balancing swim stroke training and dry-land workouts at every crew level. Swimfit is a conditioning program that mixes swim stroke training, swimming sprints, running sprints, pushups, pull ups, sit ups, squats, lunges and other functional movements. The more muscles worked, the more calories burned. The group workouts are short, highly intense and constantly changing, making them fun, yet challenging. As coaches, we strive to make our athletes functionally fit.

THE LONGEST DAY: ALZHEIMER'S AWARENESS MOVIE & LUNCH

Celebrated on the summer solstice, The Longest Day is held annually to honor those living with Alzheimer's and their caregivers, for whom every day is the longest day. We will be joining thousands of community organizations nationwide in order to increase awareness and support Alzheimer's disease care and research. Lunch will be served at noon, followed by a special presentation of the movie, *His Neighbor Phil*. The movie tells the story of Harvey and his wife Mary, who suffers from early onset Alzheimer's disease. The film depicts the effects of the disease not only on Mary but also the entire family and their community. While the film deals honestly with the realities of the disease, it focuses most of its attention on the tireless work of the caregivers. A question and answer session will follow the movie presentation.
